

CORPORATE TRAVEL

Your company's travel, handled *end to end*.

Aasha Tours has been booking travel out of Udaipur since **2011**. We are an **IATA accredited agent** (code 14318824), which means tickets are issued on our own stock rather than resold – so when a flight changes, the reissue is ours to fix, not something to chase through a third party. The same person handles your account every time you call.

What we handle

Air ticketing

Domestic and international, issued on our own IATA stock. Changes, reissues, cancellations and refunds handled by us from start to finish.

Hotels

Domestic and international. Every booking comes with a voucher that states plainly what is prepaid by us and what the guest settles at checkout.

Group travel & MICE

Conferences, dealer meets, plant visits and incentive trips. Group bookings held on a single PNR wherever the airline allows it, so the party moves together.

Visas

Business and tourist. UK and US applications handled in-house, alongside Schengen, Gulf and e-visas. Appointment booking, document check and submission.

Travel insurance

Schengen-compliant cover where an embassy requires it, plus senior citizen and student plans. Corporate policies carry a 10% discount.

Exhibition & trade-fair travel

Udaipur's stone, marble and mineral exporters travel to the same fairs each year. We keep that calendar and raise it with you early, since visa appointments run on long lead times.

Why an accredited agent rather than a booking site

1 Your GST input credit, actually collected

We raise a proper GST invoice for our service charge and collect the airline's GST invoice against your GSTIN. Travel booked on an employee's personal account usually loses that credit altogether.

2 Billed to the company, not to your staff

Staff stop paying with personal cards and claiming it back. Bookings are consolidated and billed on a fixed cycle with six days to settle – your accounts team reconciles one agency, not a drawer of receipts.

3 A person, not a help centre

When a flight is cancelled the night before a meeting, you reach someone who already has the booking in front of them. Monday to Saturday, 10am to 7pm; email answered within one working day.

4 Visas, which no portal does

A booking site sells a seat. It will not warn your director that the appointment slot is six weeks out.

How an account works

ONE

You send us your GSTIN, billing address and the names authorised to raise a request.

TWO

Anyone on that list books by phone, WhatsApp or email. No portal to log into.

THREE

We quote options, you approve, we issue and send the ticket, voucher or visa file.

FOUR

A consolidated statement each cycle, with GST invoices attached against every booking.
